**up this one with relatively low expectations. To my surprise, this was a fun and quick read. Most of the information is about the vehicles and ships and not about the plots from Star Wars novels and comics which was a nice change of pace. The information about the ships and vehicles felt like it was useful and unique to this book which ...**

**Star Wars: The Essential Guide to Warfare was an amazing read. The various illustrations provided vivid, clear pictures of the battles and technology the book tells of. The stories themselves were wonderfully written. It was easy to imagine each and all of these battles taking place. The biographies the book gave were very entertaining, and provided an insight into the lives of the people they told about. The personal stories were also well written, each with their own individual ...**
